

COLLEGE RADIO CORPORATION

WSRN - January 14, 1955

Instructions regarding program scheduling and return of contract remain as in my letter of the 6th. If you need any additional information, please write us at once. If necessary, telephone collect.

If we have any news on classical music and record arrangements, you will be notified, probably by CRC Newsletter.

Very truly yours,

Philip D. Knowles  
Operations Manager

P.S. he will probably mail you the RCA "spot" announcement copy for Career Hour this week — you should still have the copy for Burroughs. I re-emphasize: you should decide, one way or the other, start the series, return contracts with a memo showing your scheduling of "Career", and avoid trying to make up all your announcements late in the Spring.
